

Biography

Tia Ottman is a Helsinki based DJ and producer. She also hosts Rainbow Freq on Doubleclap Radio, a queer-focused show spotlighting diverse electronic sounds.

TIAOTTMAN.WIXSITE.COM/MUSIC

"My approach to production is about letting inner rhythms take shape naturally. Music is deeply emotional, and I aim to stay true to the feeling—serving the track, not my ego."

Her latest peak-time techno release "Lights Out" is out now on My Techno Weighs A Ton—her second release on the label. A hard-hitting, hypnotic journey designed for late-night dancefloors.
